

## Super Bowl Rules

- Each box will be valued at Ten Dollars. Half of the proceedings will be donated to St. Charbel
- The Payout:

Q1	Q2	Q3	FINAL
10%	10%	10%	70%

- Before the game starts on Feb 5 by 30 minutes. We will write the numbers 0-9 on pieces of paper and draw each one out of a hat, without replacing them back into the hat, record the numeric value along the top of the grid and then to the side of the grid.

	8	5	6	4	1	2	3	9	7	0
0										
6										
2										
4										
7										
9										
1										
3										
5										
8										

- Record the official score at the end of the 1st quarter, the half, the third quarter and the final score.
- Cross reference the last number in each teams score as it relates on your grid to determine which of your guests wins each quarter pot.

An example would be if the Miami Dolphins were playing the New York Giants in the Super Bowl, and the score at halftime was Miami Dolphins 23, and NY Giants 14. The last number for the Dolphins is 3, and the last number for the Giants is 4. The square on the grid that has the Dolphins with a number of 3, and Giants score of 4, would be the winner.

		Miami Dolphins									
		8	5	6	4	1	2	3	9	7	0
New York Giants	0										
	6										
	2										
	4							Winner			
	7										
	9										
	1										
	3										
	5										
	8
